

New Age Quantum Physics (Paperback)

By Al Schneider

Createspace, United States, 2012. Paperback. Book Condition: New. 216 x 140 mm. Language: English . Brand New Book ***** Print on Demand *****.Essentially this book is about a Theory of Everything. Perhaps its biggest problem is that it is another book about the theory of everything. While talking to people about it, I am asked, If it is so great, why don t you show it to some leading physicists and get them excited about it? Well, I have had a few friends that are big in the physics community. One works with supercolliders. Another is the dean of a physics department in a prestigious university. And there are others in the physics community I have talked to. We can talk about other common interests. However, when the subject of this book comes up, they go away or change the subject. They refuse to consider what I say even though we have many other common interests. --- I do not believe the physics community has the willingness to consider what is in this book. My suspicion is that the new age community might be different. They are seeking. Perhaps they may take a look at this. Therefore, the title suggests...

Here is the finest ebook i have got read until now. It really is simplistic but excitement within the 50 percent in the book. Once you begin to read the book, it is extremely difficult to leave it before concluding.
