

West Highland Way Map Booklet: 1:25,000 OS Route Mapping (Paperback)

By -

Cicerone Press, United Kingdom, 2016. Paperback. Book Condition: New. 166 x 106 mm. Language: English . Brand New Book. All the mapping you need to complete the 95 mile (153km) West Highland Way, an official Scottish Long Distance Route from Milngavie near Glasgow to Fort William. Showcasing the wild beauty of western Scotland, the trail is a journey from the lowlands to the highlands, passing Loch Lomond then crossing Rannoch Moor before finishing in the shadow of Britain's highest mountain, Ben Nevis. The walk takes roughly a week to complete and is presented in seven stages ranging from 8 to 20 miles. This booklet of Ordnance Survey 1:25,000 Explorer maps has been designed for convenient use on the West Highland Way. It shows the full and up-to-date line of the route along with the relevant extract from the OS Explorer map legend, and can be used when walking the trail in either direction. Conveniently sized for slipping into a jacket pocket or the top of a rucksack, it comes in a clear PVC sleeve. NOTE An accompanying Cicerone guidebook - The West Highland Way ISBN9781852848576 - describes the full route with lots of other practical, historical and cultural information....

Reviews

An extremely wonderful pdf with perfect and lucid information. Better than never, though i am quite late in start reading this one. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Elenor Koch PhD**

This publication will be worth purchasing. It is written in straightforward words and not hard to understand. I am just very happy to explain how here is the best ebook we have read in my own lifestyle and might be the best publication for at any time.
