Brand New Book ***** Print on Demand *****.When we get to the surface it is not dark so now we are totally confused. We couldn t have slept all night and most of the day on that train. The crowds during the morning rush would definitely have woken us up. While we are looking around for Tim to recognize where we may be we hear what sounds like someone screaming for help. It sounds like it is coming from a couple of blocks over so we head in that direction. By the way there are cars all over the place but no people on the street. This is starting to get kind of spooky. When we turn the corner we see three young men running. They are being followed by a young lady who is apparently the one yelling for help because following her are four other young men who look like fugitives from a punk rock concert. I don t stop to analyze the situation because the punks are gaining steadily on the young lady who is yelling at the guys running in front of her. When Jon and Tim boarded the subway to visit Tim s family they had no idea what kind of life changing adventure they were going on. They will need all the training that they have had as Navy SEALs to survive in a world that is familiar yet totally different.
