Brand New Book ***** Print on Demand *****.This is the only book-length study James wrote about a fellow novelist, and it s not surprising he picked Hawthorne for such extended treatment. The tradition Hawthorne began in American literature - the morally intense exploration of the universality of guilt and the ambiguities of human choice - was clearly carried on by James. Although James expressed misgivings about some of Hawthorne s more extravagant symbolism and heavy reliance on allegory, he shared his predecessor s constant interest in moral quandaries, divided loyalties, and the inevitable conflicts between imaginative protagonists and intractable reality. James also shared Hawthorne s passion for careful craftsmanship and thorough, unsparing analysis of character. James ranking of Hawthorne s novels, from *The Scarlet Letter* down to *The Marble Faun*, has generally been accepted by later critics. Although James, at least in his earlier work, was more of a consistent realist than Hawthorne, the later novelist s work always betrays the influence of his predecessor s tendency towards metaphorical expression. In James final novels such as *The Golden Bowl*, this influence becomes even more pronounced in extended metaphor and complex symbolism.
