A thought-provoking work on sexuality and the connections between people--whether male or female, human or alien--The Stars Change is part space opera, part literary mosaic of story, poem, and art. The Stars Change: an erotic science fiction novel-in-stories. On a South Asian-settled university planet, tensions are rising, and as they reach the brink of interstellar war, life (and sex) continues. Humans, aliens, and modified humans gather at the University of All Worlds in search of knowledge. . . and self-knowledge. . . but the first bomb has fallen and the fate of this multicultural, multispecies mecca is in question. Some will rush home to make love to their wife. Or wives. Or husbands. Or indeterminate gender human and/or alien partners. Others will be forced to decide where they stand -- what is worth fighting for, or maybe even worth dying for. In The Stars Change, author Mary Anne Mohanraj presents a multi-layered, thought-provoking, and far-reaching work on sexuality and the connections between people--whether male or female, human or alien. The Stars Change is part space opera, part literary mosaic of story, poem, and art. It is fitting that a book that emphasizes the power of community was funded through Kickstarter. Begun as a project entitled Demi Monde, The...
