Brand New Book ***** Print on Demand *****.Excerpt from Camp s Geography, Embracing the Key to Mitchell s Series of Outline Maps The preparation of the following work was undertaken by the author at the request of the publishers, and at the earnest solicitations of teachers who had used Mitchell s Outline Maps with great profit. The object first proposed was such corrections of Mitchell s series of Outline Maps as were necessary to make them accord with present geographical knowledge, and a corresponding alteration of the key. On proceeding with the work it was soon ascertained that to make the whole complete an entire change of the key would be necessary. The publishers decided to be at the expense of having the maps redrawn and engraved, and a geography prepared as an accompaniment. The geography contains exact transcripts of the larger maps reduced in size, with a key to all the maps, and questions for review or examination. Geographical definitions and a brief description of countries and the principal cities and towns have been given. While the more important facts in geography have been included, every thing not necessary for thorough study has been omitted. Figures have been employed instead of letters for reference from the maps to the key, being more convenient, and making the whole work more uniform. The geography is complete in itself and may be used independently, or with the larger maps. The author would gratefully acknowledge the aid received from teachers and others by valuable suggestions made during the preparation of the work. It is hoped the plan may be found adapted to the wants of the school room and facilitate the study of the interesting science of...
