Timber Press. Paperback. Book Condition: new. BRAND NEW, How to Grow a School Garden, Arden Bucklin-Sporer, Rachel Kathleen Pringle, In this groundbreaking resource, two school garden pioneers offer parents, teachers, and school administrators everything they need to know to build school gardens and to develop the programs that support them. Today both schools and parents have a unique opportunity - and an increasing responsibility - to cultivate an awareness of our finite resources, to reinforce values of environmental stewardship, to help students understand concepts of nutrition and health, and to connect children to the natural world. What better way to do this than by engaging young people, their families, and teachers in the wondrous outdoor classroom that is their very own school garden? It's all here: developing the concept, planning, fund-raising, organizing, designing the space, preparing the site, working with parents and schools, teaching in the garden, planting, harvesting, and even cooking, with kid-friendly recipes and year-round activities. Packed with strategies, to-do lists, sample letters, detailed lesson plans, and tricks of the trade from decades of experience developing school garden programs for grades K-8, this hands-on approach will make school garden projects accessible, inexpensive, and sustainable. Reclaiming a piece of neglected play yard and transforming it into an ecologically rich school garden is among the most beneficial activities that parents, teachers, and children can undertake together. The book provides all the tools that the school community needs to build a productive and engaging school garden that will continue to inspire and nurture their students and families for years to come.
